

YUL MONTREAL-TRUDEAU INTERNATIONAL AIRPORT: SPRING BREAK TRAVEL TIPS

Montréal, February 22, 2023 – With more than 170 centimetres of snow falling since the beginning of winter and passenger traffic back to pre-pandemic levels, many travellers are expected to visit YUL Montréal-Trudeau International Airport during the upcoming spring break to fly to the many sunny destinations offered by its airline partners!

ADM Aéroports de Montréal would like to remind travellers of some important tips to help them start their vacation off on the right foot by preparing properly for their passage through the airport.

Before leaving

Getting ready

- Check the status and schedule of your flight before you go to the airport by visiting the [ADM website](#) or by contacting your airline.
- Check the [current occupancy of our available parking lots](#) and reserve your [parking](#) to ensure a spot during your trip.
- Plan your movements and take the time to check conditions and traffic on the road network by consulting [Quebec 511](#) before heading to the airport.
- Carefully pack your carry-on baggage to make it easier to pass through security.
- Check with your airline to determine the size of your carry-on baggage and the maximum weight of your checked baggage.

Arrive early

- Arrive at the airport 3 hours before your flight departure, regardless of your destination, to complete the airport pre-boarding process.
- Discover our brand-new YUL check-in kiosks located at transborder departures, which meet today's accessibility standards.
- Once you have completed your check-in, immediately go through security. You will then be able to explore and enjoy YUL's retail offerings and family activities in the restricted area, which will be open from 6 a.m. to 9 a.m. on the U.S. side and from 6 a.m. to 9 a.m. and from 5 p.m. to 8 p.m. on the international side on February 24, 25 and 26.
- To take advantage of expedited airport procedures, make use of two new complimentary services offered at YUL:
 - [Mobile Passport Control \(flights to the U.S.\)](#), an application that allows you to submit your passport information and customs declaration in advance. This saves you time and gives you access to a priority line at the airport.
 - [YUL Express \(international and domestic flights\)](#), an online booking platform that provides a schedule for security checkpoints.

Returning home

- Simplify your arrival in Canada by completing your [customs and immigration declaration for the Canada Border Services Agency \(CBSA\)](#) 72 hours prior to your arrival in Canada using ArriveCAN. The use of this application reduces the processing time for travellers in the border control area.
- To avoid waiting, you can pay for your parking online on your mobile device, 15 minutes before you leave the airport. Simply scan the QR code on your parking ticket and follow the instructions.

Picking up passengers

- Make sure that the passenger you are picking up has arrived before heading to the arrivals level pick-up area, which is very busy during the holiday season. If they haven't arrived yet, use the [CellParc holding lot](#). You can stay there for up to 2 hours for free.
- To facilitate the location of passengers, the pick-up area is divided into 5 loading areas: A, B, C, D and E. Be attentive and arrange a precise meeting point.

If you have any further questions about your trip, please visit the "[Questions and Answers](#)" section of the ADM website. When you arrive at the airport, don't hesitate to ask one of the red-jacketed ambassadors to help you find your way around the terminal. Finally, a member of the [YULSatisfaction](#) team will be able to assist you in real time online via our YULChat service.

About Aéroports de Montréal

ADM Aéroports de Montréal is the airport authority for the Greater Montréal area responsible for the management, operation and development of YUL Montréal-Trudeau International Airport, which is certified 4 stars under the Skytrax World Airport Star Rating program, and of YMX International Aerocity of Mirabel.
